

GOVERNOR SMALL'S ATTORNEYS SPRING SURPRISE MONDAY

Announce When State Rests its Case That no
Evidence Will be Presented But Would in
Fact Stand on That Presented by the
State—Move to Strike Out Most of It

(By The Associated Press)

WAUKEGAN, Ill., June 19.—Governor Len Small, charged with conspiracy to defraud the state of interest money on public funds probably will know his fate within another week or ten days.

Unexpectedly taking court, jury, lawyers and spectators by surprise, C. C. LeForgee, chief of counsel for the governor, announced today after the state rested its case that the governor would offer no evidence and would, in fact, stand on the evidence produced by the prosecution. Mr. LeForgee offered a motion to strike out all or part of the state's evidence and told Judge Edwards that as soon as the arguments on the motion are completed and two documents identified, the defense will rest.

Final arguments before the jury may start tomorrow afternoon. Judge Edwards hopes to send the case to the jury by next Saturday night and suggested night sessions this week if necessary.

NON UNION MEN THROW UP JOBS AT HERRIN-LEAVE

Strong Union Sentiment Believed to be
Cause of Departure

(By The Associated Press)

HERRIN, Ill., June 19.—About 25 non-union men were employed by the Series Coal company at Johnston City to keep its mine in repair during the strike, but have left the district after working only a few days. It is believed that the strong union sentiment in the Southern Illinois coal belt caused the men to depart.

Officials of the Illinois Miners' union said the maintenance men were brought from Chicago. They protested against the non-union men being employed, saying that an agreement between the miners and operators stipulated that Union Men keep the mines in condition during the strike. The union men were discharged by the company officials of which claimed that the non-union men would keep the mines in repair for cheaper wages but were re-employed after the non-union men left town.

Sheriff Thaxton of Williamson county, Col. Sam N. Hunter of the adjutant general's office and state Senator W. J. Snod, president of the local sub-district of the Illinois miners' union today visited the Southern Illinois company strip mine six miles east of here and reported they had found no arms but an "arsenal of ammunition" around the mining camp. The investigation followed an announcement that arms had been removed from guards at the mine. Approximately 100 men continued to load coal into cars from the surface mine today.

Sheriff Thaxton told officials of the company that its guards should not be molest or provoke visitors on highways near the mine.

Sensor Sneed and a Chicago newspaperman had reported to the sheriff that they were helped up by guards of the company who said pointed pistols at them. The newspaperman declared the guards were state constable badges, which, he said, were complimentary, and were issued in Chicago.

BONUS MEASURE WILL NOT COME UP AT THIS TIME

Vote to Defer Action
Until Tariff is Out
Of the Way

(By The Associated Press)

WASHINGTON, June 19.—The compromise program of Republican leaders to defer action on the soldiers' bonus bill until after the tariff measure has been disposed of was approved today at a conference of majority senators. The vote was 27 to 11. The conference went on record as favoring final action on the bonus before any recess or adjournment of congress.

Before adopting a resolution embodying this program, the conference rejected a motion by Senator McCumber to lay aside the tariff for action on the bonus. Mr. McCumber, who has charge of both pieces of legislation, then offered the compromise resolution.

Despite the conference action there will be an open fight in the senate to get the bonus bill up before the senate returns to consideration of the tariff measure laid aside last week for the naval appropriation bill.

Several senators on both sides were prepared to offer a motion tomorrow that the bonus be taken up immediately but Republican leaders appeared confident that such a motion would be defeated.

Should the majority's compromise program be put thru, final senate action on the bonus probably would not come before September. Estimates today were that the tariff bill could not be brought to a vote before August 1, at the earliest and more likely not before August 15th.

Bonus Unfinished Business

Under the resolution adopted by the majority conference the bonus would be made the unfinished business of the senate immediately after final action on the tariff and it would be kept continuously before that body except when temporarily laid aside for matters of immediate urgency.

The resolution also declared that both the tariff and the bonus should be pressed to their final disposition as expeditiously as possible and that there should be "no final adjournment of this congress or any recess until both these proposed measures are finally disposed of."

There was a sharp controversy in the conference over the language of the resolution which some senators construed as binding them to vote for the bonus. Senator Lodge was said to have assured Senators that this was not the case. Those voting against the resolution are counted as opponents of the bonus.

DISSENSION IN RANKS OF BOARD OF COMMISSION

U. S. Brazilian Commission
Asks Removal of One
of Members

(By The Associated Press)

WASHINGTON, June 19.—Reports of dissension within the United States commission to the Brazilian centennial exposition culminated tonight in the announcement by C. D. Collier, its commissioner general that five members had asked President Harding to bring about the removal from office of Frank A. Harrison, resident commander in Washington.

Mr. Harrison retorted with a statement declaring himself to be "working closely with President Harding" in matters of expenditure in behalf of the commission and ready to make a statement announcing the differences between himself and any other member whenever the president indicated he desired such information.

Commissioner General Collier's statement was given out following a call which he made on the president today, when he was accompanied by four other commissioners. The statement charged that Mr. Harrison had "falsified" the commission's recommendation and announced that a resolution of censure upon his conduct had been unanimously adopted by the five members.

No statement was made from the White House.

GOES ON RECORD AS BEING OPPOSED TO RETAIL SALES TAX

Cincinnati Convention is Also
Against Unrestricted
Immigration

(By The Associated Press)

CINCINNATI, O., June 19.—Opposition to a retail sales tax with a warning that effort can be expected to have it written into the soldier bonus bill and the re-declaration of a policy opposed to unrestricted immigration marked the action today of the American Federation of Labor convention as it settled down to its final week's work.

By unanimous vote the convention directed officers of the federation to wage the fight against the sales tax with unabated force, the decision of the delegates coming without debate on the legislation committee's report. The immigration policy provoked only brief discussion. Administration of the federal budget law also was brought before the convention the committee report asserting the "budget administrators have prostituted the high purpose of the budget system by using it for political propaganda."

The committee declared in favor of a satisfactory budget system and its report was adopted with a provision instructing the federation's executive council to use "effort to correct glaring administrative defects which are operating to the disadvantage of the present budget system."

Special complaint was made by the committee that administrators of the budget had been over zealous in reducing expenditures of the department of labor. Faced with a big work program, the delegates were not inclined to dissent. Quick action generally ruled in the disposition of all questions. Aside from the convention work interest was centered in a movement to co-locate the re-election of Frank Morrison, as secretary. Friends of William Clarke, president of the glass workers were active and Mr. Clark indicated his willingness to make the race.

OLD ENOUGH TO KNOW BETTER

(By The Associated Press)

CHICAGO, June 19.—Sixty-nine years old and married to five times, the formality of a divorce, Thomas Worland smiled with relief today when he was sentenced to prison for from one to five years.

In pleading guilty to the charge of bigamy, he told of having married Annie Hanson in Norway, Iowa; a girl in Red Wing, Minn.; a woman named "Lena" in South Beloit, Illinois; and Olive Holton 60, and Tillie Carlington in Chicago. He said he had lived with his first wife for 37 years before he became obsessed with bigamous notions. The two last wives were in court, their presence seeming to worry Worland so that he met his sentence with a smile of relief.

RIO GRANDE IS REPORTED TO BE ON BIG RAMPAGE

Said to be Rising at Rate of
One Foot an Hour at
Laredo

(By The Associated Press)

SAN ANTONIO, Texas, June 19.—Rising at a rate of almost one foot an hour the Rio Grande at Laredo was reported to be a stage of 25 feet tonight. The crest is expected there early tomorrow. It is not likely that the water at Laredo will reach as great an overflow as that today and Sunday at Eagle Pass it is said by the local weather observer. The crest of 45 feet, 7 inches which passed Eagle Pass early today and shattered all previous high water marks will be broadened out by the time it gets to this point, it is believed.

The rise is expected to reach Rio Grande tomorrow. Whether this will mean widespread damage will depend in large measure upon the state of the rise at that time and also the condition of the San Juan river.

Reports received in San Antonio indicate much suffering at Piedras Negras, directly across the Rio Grande from Eagle Pass. Inhabitants of the Mexican town depend almost altogether on Eagle Pass for their food supply and traffic between the two cities was interrupted when two bridges went out. The crest of the river reached Eagle Pass early this morning the gauge registering fifty feet the highest in 56 years. The river as a half to one mile wide but was rapidly falling. Loss to farmers in irrigation ditches will run into the thousands.

CONFESSES KILLING WIFE AND MOTHER-IN-LAW

(By The Associated Press)

STATESBORO, Ga., June 19.—Confession that he killed his young wife and his mother-in-law whose bodies were found in an automobile near Clito, Ga., tonight was made by Elliott Padrick, shortly after he was arrested following discovery of the bodies according to county authorities. The prisoner was at once removed to the Richmond county jail at Augusta for safe keeping.

Padrick, according to his alleged confession said he was driving his 18 year old wife and her mother Mrs. M. B. Dixon from Clito to their home at Dover near here when a sudden impulse of jealousy over his wife's alleged attentions to other men caused him to stop the car, pull out a pistol and shoot both of the women to death.

WILL COOPERATE WITH POWERS IN THE CONFERENCE

France Announces Decision to This Effect Monday

THE HAGUE, June 19.—France's decision to cooperate with the other European powers in the forthcoming negotiations with the Russian soviet had a buoyant influence on the conference today. Arrangements for the meeting with the Bolsheviks were advanced by the formation of three sub-commissions. In accordance with the Genoa agreement the names of the countries represented on the various sub-commissions will be communicated to Moscow tomorrow. France's adherence is not without reservation.

The French minister M. Benoit, read a letter saying he had been instructed his government to make known that France would be represented at the meeting on June 26 with the Russians and then added:

"In authorizing me to make this notification, the French government desires to recall that this meeting is merely a reunion experts ad referendum; that all political questions will be eliminated from the negotiations and that France retains her liberty to withdraw her experts at any moment if the attitude of the soviet representatives appears to make it necessary."

Supporting his minister M. Alphonse, specialist on private property held by the French in Russia, insisted on the wisdom of keeping in mind that all decisions must be referred to the home government.

This conference would start afresh and should be in no way affected by previous expressions of opinion he said as, for instance, those at Genoa.

He was glad to affirm that France was ready to cooperate in the most complete and frank manner on all practical problems in order to reach some agreement with Russia. All the inviting powers and Holland have a place on each sub-commission except that on credits-Holland having declined membership on that commission thus leaving a place for one additional state.

This was with the understanding that Dutch interests would be amply protected. President VanKambeck, announced that all the countries represented at the Hague with the exception of Albania was said to have delegates on the central non-Russian commission each country being represented by not more than two persons.

He recommended that the central commission should meet to consider "certain directing principals" before the arrival of the Russians. It would in his opinion be useful also if the president of the central commission and the presidents of the three sub-commissions should form a kind of central committee to insure unity of work and progress. This suggestion was adopted.

After declaring that France's definite adhesion was a happy augury, Sir Philip Greame, of the "British delegation warmly congratulated the striking miners on their inspiring leadership. The delegates held informal conversations today in order to reach an accord on the election of a president of the main commission and chairman of the sub-commissions in the hope that their election on Wednesday morning to which day the conference adjourned should cause no friction.

Professor Giannini, second Italian delegate, left tonight for London to meet Foreign Minister Schanzer who is expected there on June 24 to continue the discussion of the Anglo-Italian economic agreement.

The agreement covers Italian interests in Asia-Minor and Anglo-Italian interests in Egypt and Tripoli and also Erythraea the Sudan and Italian, the British Samaland.

Both Great Britain and Italy are anxious that the accord should not be interpreted as anti-French; they emphasize that it is fundamentally economic in nature.

SENATE PASSES NAVAL BILL REDUCING THE PERSONNEL TO 86,000

Bill Carries Approximately \$295,450,000
—Was Sent to Conference With the House
—Fail to End American Occupation in
Haiti—Much Time in Debating Question

(By The Associated Press)

WASHINGTON, June 19.—The annual naval appropriation bill carrying approximately \$295,450,000 and providing for an enlisted personnel of 86,000 men, was passed by the senate and sent to conference with the house.

Action on the enlisted personnel, now about 115,000, is final as the senate accepted the house decision and the question will not come before the conferees who will deal principally with senate increases of about \$44,000,000 over the house bill. There was no record vote on final passage and no effort was made to reduce the enlisted personnel.

Unsuccessful efforts to end American occupation of Haiti, the Dominican republic and Nicaragua, and to launch a congressional investigation of navy administration marked the final day's debate. An amendment by Senator King, Democrat, providing for withdrawal of American marines from the two republics and Nicaragua, December 31, was rejected, 42 to 9, after nearly an all day debate.

Investigation of the naval administration was proposed by Senator McCormick, Republican, but his resolution drew objection from Senator Dial, Democrat, and was referred to the naval committee. It contemplated a survey to abolish useless navy yards and stations, Senator McCormick declaring that there was a navy "pork barrel" and one-third of its establishments were unnecessary. Controversy on the intervention policy divided both parties. Five Republican Senators Borah, Johnson, Ladd, LaFollette and Norris supported Senator King's withdrawal amendment and four Democrats, Senators King, Overman, Walsh, Massachusetts, and Walsh, Montana, voted in its behalf.

Sensors McCormick, Pomerene, Democrat, and Oddie, Republican of the senate committee investigating Haitian affairs said intervention was necessary to aid the Haitians in establishing an orderly government of their own and denied statements of opponents that a permanent policy of occupation was involved.

COMPANY WILL REMOVE ARMS FROM ITS MINE

Announcement Made Monday Following Meeting of Officers

(By The Associated Press)

MARION, Ill., June 19.—The Southern Illinois Coal company will remove all arms from its watchmen at its strip mine near here, which began mining coal last week, the first to begin operations in Illinois since the miners' strike began April 1. This announcement was made following a conference today between representatives of the adjutant general and county officials and W. J. Lester, president of the coal company.

Colonel Samuel N. Hunter of Springfield, and Major Robert Davis, of Carbondale represented the adjutant general and State's Attorney Duty and Sheriff Thaxton represented Williamson county.

Colonel Hunter expressed the opinion that there would be no trouble. Union officials have advised that the striking miners against any demonstrations. Mr. Lester stated that the only men employed at the mine are those who are members of the Steamshovelers union the headquarters of which are said to be in Chicago. The majority of the men were brought from the Chicago district it was said.

Strip miners were not affected by the strike but all in Illinois quit work in sympathy with pit miners.

JUDGE SCORES JURY FOR ITS DECISION

(By The Associated Press)

CHICAGO, June 19.—Declaring their verdict was a "disgrace to the citizenship of this state," Judge Marcus Kavanagh today dismissed a jury which had acquitted Bernard Toad of robbery.

The jury, accused in the morning and with still two weeks to serve, was discharged after the judge had told them that in giving their verdict they had either disregarded the evidence or deliberately sought to free the accused men.

"Jurors nowadays lack respect for the law," Judge Kavanagh said. "Today's acquittal was the third in a few days where the evidence and the facts warranted conviction."

REUNITED CHINA IS CERTAINITY IN THE NEAR FUTURE

Chinese Press Predicts
This Will Come to
Pass Soon

(By The Associated Press)

PEKING, June 19.—Two significant developments today pointed to a reunited China in the near future. One was found in official advice from Canton that Sun Yat Sen's downfall was complete. The other was in a telegram from the three provinces of Manchuria where Chang Tso-Lin has attempted to establish a separate empire, that the three provinces were ready to join the United China movements.

The telegram came from the Manchurian assemblies stated that, while Manchuria enjoys self-government, it nevertheless was willing to join in the program for unification.

Advices from Canton, made public by the Peking government, declared that Sun Yat Sen, former president of South China, although still unconvinced of his defeat, had been entirely eliminated for the field of Chinese politics and that General Chen Chung-mung, ardent proponent of the unification movement was in control of the former South China capital.

The Canton dispatches said that Sun's gunboats had opened fire on the city in a desperate effort to retrieve their commander's lost control, but that the attack had been repulsed.

Forecast Early Reunion.

Early reunion of China under a constitutional government is forecast by the China press.

It is understood here that President Li Yuan Hung, before accepting the presidency had received the pledge of General Chen Chung-mung that the latter would attempt to abolish the Canton government and that Chen's coup of last week was carried out in furtherance of this promise.

In this agreement to which General Wu Hsi Pu was a party, the following stipulations are said to have been made contingent on the fall of Sun Yat Sen.

First that the old Republican parliament be recognized as the national legislative body with unlimited power to elect a president of the republic.

Second, that if the parliament elects as president any other than Li Yuan Hung present chief executive its choice shall be undisputed, Li withdrawing without protest.

Third, that all the provinces of China shall enjoy autonomy, with rights similar to those of the states in the American union.

Fourth, that armies shall be reduced to the minimum needs of the national defense.

It is expected that parliament will be able to muster a quorum for a meeting August first.

Several provinces have signified their willingness to disband their separate armies.

"In some communities when the people want to impress one with the great prosperity of their city," says Floyd W. Parsons in a recent magazine article, "they still talk about the hundreds of smoking chimneys they have in their district. It is time we gathered up the idea that black smoke is not a sign of prosperity, but rather a sign of inefficiency, waste and false practice. Even if the production of black smoke was a means of profit to an individual or corporation, it could not and should not be tolerated by the public because of the damage it does to individuals and to property."

"The estimated cost of smoke to the people of one large industrial city was recently estimated to be \$10,000,000 annually. The blankets of smoke which hang over many of our cities and nearly all of our industrial centers not only destroy property, but exert a more direful influence upon the human organism than most people believe."

"Smoke lessens the duration and intensity of sunshine, increases humidity, mists, the frequency and duration of fogs and possibly alters the electrical potential. Sunshine is the most important of all factors in the preservation of health."

MYSTERIES OF THE SEA

(From Ohio State Journal)

Romance and mystery have not been taken from the high seas, even with the many inventions of man that help annihilate space and permit communication with the world in its far-away places. During the last year 26 vessels that left port for a voyage failed to arrive at their destinations. They steamed away and disappeared. What fate they met, how it came and where, all are a part of the mystery of the sea. Some were equipped with wireless with which they could keep in touch with the great stations along the sea coasts, but from these vessels no call came. Like the Cyclops, they sailed away and from them came no word. No bit of wreckage picked up at sea was found to give a clue.

Probably some mind, planted during the war and not picked up when peace came, broke loose from its moorings, was caught up by the great ocean currents and carried out into the lanes of travel. Probably other vessels will be in collision with the lost mines for there are many not yet accounted for. The inventions of man have done much to make safer the navigation of the wide waters, but all the inventions of man thus far have not operated to take from the sea the mystery that has enveloped it since sailing first began.

WHAT THE PUBLIC SERVICE NEEDS

"What this country needs in its governmental affairs," said Col. Edward Clifford, assistant secretary of the treasury on a recent visit to Jacksonville, "is hard headed, God-fearing business men with the 'insides' to do the things that they really find to be done in order to administer public affairs in the interest of the people."

"There are no super men. Of course, men vary in capacity. Some are more experienced than others, but the number of those

who have remarkable ability is limited indeed. The governmental affairs of the state and nation have the need, not so much of brilliance or remarkable ability as for the characteristics that I have mentioned.

"But men in office who have common sense, industry, character and no thought other than to do right and make good records, and most of the troubles in public affairs will disappear."

Col. Clifford was talking, not for publication, about the need there is for self-sacrifice on the part of men who hold public office if the best results come, and further about the unfortunate features of the general primary law, which make candidacy for an office in county, state or nation such an expensive thing.

RETAILERS WILL HAVE OWN ORGANIZATION

Special Department to be Donated to Their Needs in Chamber of Commerce.

In order to stimulate business and for the handling of various questions especially related to retail merchants, a commercial division of the Chamber of Commerce is to be formed. The matter was recently referred by the directors to Secretary Welch and yesterday he made known that the division will be formed and that the nomination for membership in the executive committee.

Twenty-four nominations are to be made, twelve to be elected from this number. Subsequently the twelve will choose a chairman, two vice chairmen and a treasurer. It is proposed thru the commercial division to carry on the kind of work that has heretofore been referred to the trade extension committee. That committee functions in a very satisfactory way but it is believed that still further advances can be made by interesting a large number of members in this particular department.

NINE CHILDREN BAPTISED AT WESTMINSTER CHURCH

The Children's Day program at Westminster church Sunday morning was more than usually impressive. A large audience was present and a feature of the program was the dramatization of David and Goliath. About forty children took part and the presentation was successfully given. Norma Davis as David showed dramatic ability and all the parts were well cast. The most impressive feature of the service was the baptism by Dr. Thomas Smith of a number of little children. Four sons and one daughter of Mr. and Mrs. Andrew C. Harris were given the impressive rite, a son and daughter of Mr. and Mrs. Howard Stevenson, a son of Dr. and Mrs. C. H. Rammelkamp and a son of Mr. and Mrs. Orville Coults.

It is not recorded in the annals of Westminster that at any previous time any one family was so largely represented in a baptismal service. The names of the children baptized are as follows: James Cunningham Coults, Catherine Claire Stevenson, Howard Jackson Stevenson, Theodore Capps Rammelkamp, James Owen Harris, Samuel Thomas Harris, Frank Robertson Harris, Andrew Jackson Harris and Louise Harris.

SURPRISE FOR PASTOR OF MURRAYVILLE CHURCH

The members of the Murrayville M. E. church planned a very pleasant surprise Sunday for their pastor, Rev. L. T. Henniger, the occasion being his birthday. The members of the church and their families brought with them baskets of good things to eat and at noon a basket dinner was served in the church basement. The pastor was taken completely by surprise but enjoyed the dinner fully as much as did any of the others present.

BARN NEAR MURRAYVILLE BURNED MONDAY P. M.

The barn on the farm owned by William Brown southeast of Murrayville was completely destroyed by fire Monday afternoon. A considerable quantity of new hay had recently been stored in the barn and it is believed that spontaneous combustion caused the fire. Clarence Hall, the tenant on the farm, sustained a considerable loss. It is understood that the barn and contents were partially covered by insurance.

RETURN FROM BATTLE CREEK

Mr. and Mrs. J. O. Priest and Miss Pearl Frost have returned to Jacksonville from Battle Creek for more than two months for a much needed rest and returns to Jacksonville very much improved in health. It is not his intention to be at his office regularly for a number of months to come, but at no distant date he will be able to carry on his business as usual.

MOVING TO SPRINGFIELD

Samuel J. Tompkins, chief deputy in the office of the internal revenue collector in Springfield, is in the city for a few days making arrangements for the removal of his family to Springfield. Mr. Tompkins recently purchased property there at 1426 Holmes Avenue. The many friends of the Tompkins family are sorry to have them leave Jacksonville.

WILL STUDY IN CHICAGO

W. E. Seandritch of Rockridge was in the city on business Monday.

Dr. Miller Honored By The People of Woodson

To live in a community fifty years; to doctor the bodies, cultivate the souls, take part in the activities of the community, preach for many years to the people without hope of fee or reward, to usher into life a good part of the community, marry, serve and in many cases bury, and at the end of the half century be greeted by hundreds of friends and neighbors with all kinds of pleasant words and messages and good wishes; such is the record of Dr. George Washington Miller of Woodson.

In 1872 the doctor settled in Woodson. He was then at the threshold of his career, young and hopeful, and he began in the right way, with a good medical education, an upright character, strict integrity, a kind and generous disposition to serve his fellow men, untiring industry and a desire for the welfare of souls as well as the body, such was the beginning and the events of Sunday last showed the

Dr. G. W. Miller

result to some extent for both churches united in the occasion which was in the nature of a reception to the worthy doctor and an opportunity for his many friends and neighbors to express their sentiments toward him.

The Christian church was packed, chairs were brought into every available space and even then some had to remain outside. Rev. I. H. Fuller, pastor of the Christian church presided and the singing was led by William Colton. A fine orchestra consisting of George Cunningham, Arthur Hoagland, Chester Colton, Rev. A. E. Powell, Fred Quimby and George Craig with Mrs. Chester Colton at the piano added much to the enjoyment of the occasion.

Many Tributes Given

"Coronation" was sung by the audience with a will, the pastor read a suitable portion of scripture and prayer was offered by Rev. Mr. Powell. Rev. Mr. Fuller then spoke briefly telling of the high esteem in which Dr. Miller was held, the great work he had accomplished and his pleasure at assisting in doing justice to one who had been such a valuable member of the community.

Mrs. Wendell Dugger, formerly Miss Marie Megginson, sang a solo in a delightful manner after Rev. Mr. Powell, pastor of Unity Presbyterian church spoke briefly. He told what a good ministerial and professional neighbor Dr. Miller had been; how well he had served the community and the joy he experienced in being able to help on the occasion when a fitting tribute of esteem was being shown the worthy doctor.

Two little girls, Margaret Kitter and Claire Lynette Colton, then presented Dr. Miller with a beautiful bouquet of roses.

The little folks then sang sweetly after which, Mrs. Bert Spaenhower recited in a very delightful manner the "Legend of a Twilight Bell."

Mrs. Maude Rimbey came next with a vocal solo admirably rendered and then a male quartette consisting of Dr. R. R. Jones, Chester Colton, Geo. Cunningham and William Colton sang so acceptably that they were obliged to respond to an encore.

Three little girls, Claire Lynette Colton, Nyline Sturdy and Bernice Butler then gave a number which was most acceptable after which S. W. Nichols spoke. He said he had known the doctor 57 years, a longer period than any one else in the audience could claim. His remark that he believed in placing flowers in the hands of the esteemed one while living was much better than laying them on his casket was heartily indorsed by the audience.

He told of this first acquaintance with the doctor when 57 years ago two Missouri boys, George Washington and Silas Miller came to Illinois college and while they didn't belong to the same society still a bond of string friendship was then formed which has only been strengthened by the passing years. He spoke of the wonderful revival which he experienced that year, a work which began in the African Methodist church under the ministrations of devoted Rev. William Jackson and his faithful wife, and extended to the churches of the city, the college and every walk of life; when students assembled in private rooms and told of their love for the Master and among them were the Missouri boys mentioned. Then and there a bond of true friendship was formed and the lapse of 57

years has only served to strengthen it.

Dr. Miller Responds

The worthy doctor responded in a truly feeling manner. He modestly declined so much eulogy declaring he had only tried to do his duty as he saw it. From his inmost soul he thanked was James Self and he referred with emotion to many others who had wrought with him and had gone to their final reward where soon he would join the Master. From his inmost soul he thanked the many kind friends and neighbors who had thus remembered him and he only wished he were more worthy of their esteem. Two little girls each handed him a nice bouquet while a fine array of lilies and other flowers were sent by a frater Sir Knight, Harry Hofmann and these with the fine decorations in the church where the flag was in especial evidence made an inspiring spectacle.

A very fine number by a quartette consisting of Mrs. R. R. Jones, Mrs. Emma Self, Mrs. Edward Gallagher and Mrs. Fred J. Kitter was artistically rendered and then came the celebration of the Lord's supper, pastors Fuller and Powell, officiating. It was estimated that nearly 300 partook of the sacred elements. Another song was sung and then came dinner. Mrs. Nettie Ezard served as accompanist for the entire program.

The good ladies of the community had prepared enough and to spare for all the vast throng present and all had plenty and more. It was a truly a feast of good things and was thoroughly enjoyed by a hungry multitude whose appetites were well satisfied. On a table was a beautiful birthday cake on top of which were the words "Dr. Miller, Woodson, 50 years." Another bore on its top 1872-1922. Both were well enjoyed by the worthy doctor and his friends.

After an interval enjoyed socially the Woodson band assembled in the village stand and gave a sacred concert which was much enjoyed. The members play remarkably well and reflect credit on their own ability and on J. Bart Johnson, their instructor.

Presented With Purse

After the band had rendered several numbers Chester Colton stepped to the front and in a well spoken address setting forth again the esteem in which the honored guest of the day was held presented him on behalf of the community, a substantial purse of money amounting to something over \$70. The doctor was taken completely by surprise this time. In fact, the whole day had been a surprise. He knew they were going to do a little something but he had no idea what it would be only he supposed it would be on a small scale and had no thought of anything so elaborate. In response to the remarks of Mr. Colton he said in part:

"Words are utterly inadequate to express the feelings of the human heart. Language is a poor medium through which to express to you, my dear friends the feelings within me. This is truly the proudest moment of my life. Fifty years ago I came here to settle in your midst and make a reputation. I was a stranger and you truly took me in most kindly. In all my career I have chosen a Divine Model and have humbly tried to imitate my great Pattern.

Few persons have had such an experience. I have had. I have helped into the world many, have watched them grow to maturity, have baptized many of them, have attended them in hours of trial and some I have helped lay away till the judgment day. I am one of you, a neighbor and a friend. I have followed the Man of Galilee and He has been my help and strength. All should enlist under the banner of the King of kings and Lord of lords and then we may say we shall be happy when we awake in His like ness. Again from my inmost soul I thank you.

More music was enjoyed and the glad day's exercises were at an end. C. C. Self was the general chairman of arrangements.

Mrs. Louise Henry, Mrs. Shirley, Mrs. Emma A. Taylor, Mrs. Agnes Henry, Mrs. Cassie Ralston, Mrs. Hoagland, Mrs. George Cunningham and Mrs. Alice Russell were committee on tables.

Mrs. Sadie Gallagher, Mrs. R. R. Jones, Mrs. Nettie Ezard, Rev. A. E. Powell, William Colton and Thomas Irlam, were committee on program.

The committee on decorating included Mrs. Fred Quimby, chairman; Mrs. Johnson Shepard, Mrs. E. Powell, Mrs. Fred Kitter, Mrs. Jack Roison, Mrs. Edgar Arnold and Mrs. George Winters.

In all the affair the two pastors, Rev. Messrs. Powell and Fuller were active in making it a success.

LEAVE FOR CHAUTAUQUA

AIRPLANE DEATHS NOT EXCESSIVE
(By The Associated Press)
CHICAGO, June 19.—The number of deaths of passengers riding in airplanes is not unduly excessive, the council aviation commission was told today when a resolution providing for an ordinance to guard against "Gypsy pilots" was up for consideration.
Ralph Diggins, an aviator assigned to Ashburn Field, told the committee that in the last year only 14 persons out of 275,000 who had flown 7,500,000 miles have been killed in airplane accidents and that it has been ten years since a person had been killed in Chicago.
"There are more people killed by mules in Missouri than by airplanes in the country," Mr. Diggins said.

FINDS NEEDLE IN JERUSALEM
This was Feat Accomplished by Dr. Hanussen who claims to be Possessed of more than the Usual Five Senses.
LONDON.—To find a needle in a haystack is popularly supposed to be a feat so difficult that the odds against its successful accomplishment would be something like a million to one. Yet a feat that to the ordinary man would appear if anything, all more difficult, has recently been accomplished in Jerusalem, according to newspapers published there. It was nothing less than the finding of a needle hidden in Jerusalem, and with no clue to its whereabouts of which the five senses could

SUDAN CONTROLLING POWER OF EGYPT
(By The Associated Press)
CAIRO, EGYPT.—He who holds the Sudan controls Egypt, hence all of Egypt is vitally interested today in the reports from London that Great Britain is considering the establishment of a protectorate in this territory," says one newspaper, and explains Sudan is a tomb for its people." says one newspaper, and explains that control of the Sudan is absolutely necessary to the economic development and life of Egypt. Without the Sudan Egypt's independence, recently granted by Great Britain, would be a farce.
The London rumors carry the detail that Great Britain contemplates the declaration of a Sultanate separate from Egypt under one of the sons of the Mahdi as its ruler, the whole under British protection with a system of government similar to a British dominion.
The Egyptian people will resist, their newspapers declare even the extent of force. They are voicing their determination to regard Egypt and the Sudan as one and inseparable. With Great Britain in the Sudan, the products of the country will be exported by way of Berber and Suakin, and with their hands on the sources of the Nile Great Britain could render the lower reaches of the river, so vital to Egypt, fertile or infertile at will.

INTENSIVE CAMPAIGN FOR HEDDING COLLEGE
MOLINE, Ill. — An intensive campaign to obtain funds to increase the endowment of Hedding college and move the institution from Abingdon to Moline will open July 5 and continue until July 17. It is planned to increase the endowment fund to \$1,000,000 and raise \$500,000 to \$750,000 for constructing the new building. The movement is in charge of the Moline Chamber of Commerce, aided by business men of Rock Island. The site at Abingdon was recently abandoned because of the inability to support the institution at that location. Hedding is a Methodist Episcopal college.
Miss Marie Campbell, Miss Julia Maddox, and Miss Lucile Allen, all of Chatham, are here attending the Epworth League convention.

WOULD CHANGE DATE OF MOTHER'S DAY

Allege that Day Has Lost Sentiment by Being Commercialized—Official Flower as Designated Must Be Purchased.

CHICAGO — Declaring that Mother's Day is now observed at a time of year precluding the natural blooming of home grown flowers and that the choice of one flower causes it to rise in price, the Greater Chicago Federation has adopted a resolution addressed to the president and congress asking that the third Sunday in June be set for the observance and that no particular flower be designated.

The organization, which consists of a number of business men's and local improvement associations, declared that at a recent meeting it was found that unofficial Mother's Day is arbitrarily set, by we know not whom on the third Sunday in May, a time of the year just preceding the natural blooming of most of our flowers, such as roses, peonies, and other home grown product.

"Owing to such stated choice of a lone flower," the resolution continued, "and also to the fact that no home grown flowers are obtainable until a month later, thereby causing the carnation to rise in price thousands and thousands of people cannot afford to present their mothers with the designated flower owing to the price demanded."

"The situation is such that those growing and selling flowers have commercialized the sentiment as expressed in Mother's Day."

The resolution then declared that the Greater Chicago Federation petitioned the president and members of congress and senate to "cause the third Sunday in June to be designated as Mother's Day, and through presidential proclamation, express the sentiment and advice that on this day, the mothers of the nation should be reversed by its sons and daughters, taking particular pains not to designate any flower, or other gift, but more in a way expressing it as one's duty to remember one's mothers on this day, thru some lasting token of any kind or description."

It was directed that the resolutions be sent to all organizations throughout the country asking them to also take action. The resolution was signed by H. B. Sparlock, president, and Tomaz F. Deuther, secretary.

MOLINE METHODISTS TO BUILD NEW CHURCH

MOLINE, Ill.—Construction of a new church building soon will be voted by the congregation of the First Methodist church. Preliminary sketches and tentative estimates of the cost have been prepared by an architect.

The present home of the congregation was built in 1873, and at that time, was considered one of the finest structures in the country. But the congregation has outgrown the church. So the members plan the only remedy possible—that of rebuilding the church to fit the congregation.

Next October the church will hold its diamond jubilee, this year marking the 75th anniversary of the founding of the institution in this city. Only tentative plans have been made so far but it is planned to celebrate the event the first two weeks in October.

Efforts have been made to obtain Bishop Nicholson of Chicago and Bishop William Quayle of St. Louis as speakers.

NOW HAVE GARDENER ON OCEAN LINERS

LONDON.—That seafaring is an expanding occupation is indicated by a story told of the recent departure for America of a great new liner, equipped with everything from a swimming pool to palm gardens.

The captain ascending the gangway met a venerable unknown man wearing the company's uniform and cap. The captain questioned the stranger as to whether he was a member of the ship's company, and received an affirmative answer.

"What's your rating?" queried the captain.

"Please sir, I'm the ship's gardener," was the reply.

OUTLAWING OF WAR IS URGED

Raymond Robins Says World Wide Support Must Be Given Demand of President Harding and Lloyd George to This End.

WILLIAMS BAY, Wis.—World-wide support of the demand of President Harding and Lloyd George for the outlawry of war was urged in the address to-night by Raymond Robins of Chicago at the International Student Conference at College Camp, Lake Geneva under the auspices of the International Committee of the Young Men's Christian Associations.

"The militarists of all nations must be unmasked and understood to be what they are in fact—the super felons among the criminals of mankind," said Mr. Robins. "We must unite in a world-wide movement to arouse public opinion in support of the demand of President Harding and Premier Lloyd George for the outlawry of war. The world hungers for peace and brotherhood but the war-system demands that the nations feverishly arm for slaughter of each other."

"The producers of the world sweat and suffer under the crushing burdens of increased taxation but the war system demands that these burdens be increased to pay for armies and navies maintained in costly idleness until they can be used to destroy the men and ships of other lands."

"Civilization has discovered only two ways to compel settlements of human disputes. One is by arbitrary force and violence and the other is by law. In international affairs shall we live by violence or by law? We have no other alternative. Let us enlist in this great crusade—the war to end war."

Mr. Robins suggested that the students representative of thirty nations at the conference enlist in the "war to end war" by participating in debates, discussions and meetings by speaking and writing about it and by introducing resolutions at conventions and conferences.

RECEPTION FOR MURRAYVILLE MAN

Rev. Father George Hobbs Sang First Solemn High Mass Sunday and Reception Given In His Honor.

Sunday was an important day for Rev. Father George Hobbs of Murrayville, for on that day he sang his first solemn high mass at St. Bartholomew's church. Rev. Father F. F. Fornaz of this city delivered the sermon in the morning. Rev. Father Luke Sandville of Lincoln, Neb., acted as deacon and Rev. J. C. Sandon of Decatur served as sub-deacon at the mass.

Following the service a dinner was served at the home of Rev. Mr. Hobbs' parents, Mr. and Mrs. G. A. Hobbs, near Murrayville. Two hundred guests were served at this time. A reception was held from 3 to 6 o'clock and more than 500 persons called at the Hobbs home during these hours. There were a number of Jacksonville people present and various other parts of the county were well represented.

EPWORTH LEAGUE CONVENTION OPENS

Interesting Programs are Carried Out During the Day—Address by Bishop Waldorf Featured Evening Session.

The District Epworth League Convention opened yesterday with nearly two hundred delegates present. The sessions are being held in Grace M. E. church.

The devotional services for the opening session at 10:45 o'clock yesterday morning were led by Rev. Olin Lee of Manchester. Rev. C. M. Corrie of Winchester gave the convention sermon on "The Heritage of Youth," taking as his text, "Others have labored and ye have entered into their labors."—St. John 4:38. Evangelist D. C. Linton led the enthusiastic song service and will be in charge of this part of the convention program. Miss Lucille Reno of Rockbridge, plays the accompaniments.

In the afternoon a program was given and evangelistic services were held. Although a business session was on the program, none was held.

The Epworth League of this district has given a notable service. It has been helping support a missionary in India for the past six years and has been spreading religious knowledge and the Christian spirit admirably. The young people have been having a contest in the League work. Some of the work for which credit in the contest has been given is, organizing mission study and Bible classes, and giving to foreign missions. The society that has the largest number of credits in the contest will be awarded a silver loving cup. The winner has not yet been made known.

Following the afternoon session the convention adjourned to Nichols park for a picnic. There each local society gave a "stunt." Some of those given were: An accordion solo by Atile Chitti of Virden, a farce take off on "Romeo and Juliet," by the Petersburg society, and a song by the Ebenezer society which advertised their desire to bring the district convention to Shelbyville next year.

The main feature of the evening was the address of Bishop Ernest Lyman Waldorf of the Wichita area of the Methodist church. This area includes the states of Kansas, Oklahoma, Texas, Mississippi and Louisiana.

Rev. Waldorf took as his text Genesis 47:19, "Behold, the dreamer cometh." He explained that there were two kinds of dreams, night dreams and day dreams. "Night dreams are scientific rather than prophetic," he said that Howe had conceived the idea of the sewing machine in a dream, and Robert Louis Stevenson gave credit for one fourth of his inspiration and ideas in his stories to his dreams.

Day Dreams are Ideals.
But the really important dreams are day dreams for day dreams are ideals; they have a plan and give a man the revelations of his soul. "A dream unrelated to a task makes a man visionary."

"A task unrelated to a dream makes a man a dreamer but a task shot thru with a dream is ideal." The speaker went on to explain the great day dreams of great men in the past, citing Plato's "Republic," Spencer's "Arcadia," and Sir Thomas Moore's "Utopia" as examples, and the ideal of the Kingdom of Heaven as expressed by Jesus Christ.

He then told Lincoln's story of how long a man's legs should be and applied the answer to ideals. The true ideal must have a plan and a foundation; it cannot be made offhand but must have a real plan in order to be transferred to action and achievement. "Dreams make martyrs, for martyrs must have dreams, and living up to their dreams is what makes them martyrs. Bishop Waldorf then returned to his text and noted the fact that the dreamer cometh. He said dreamers always come. We do not say the dreamer stayeth, for the true dreamer is higher and higher dreams and is not content with rising to a certain limit and staying there."

Atile Chitti of Virden gave an accordion solo and Miss Lucy Schulte of Havana gave a whistling solo prior to Bishop Waldorf's address.

The Program for Today

PROTEST AGAINST PROPOSED PAVEMENT

East State Street Property Owners Make Plea For Postponement—Council Will Inspect Street Before Taking Action—Sidewalk Ordinances Passed.

East State street property owners appeared in force at the session of the city council Monday night and made such a plea for postponement of the paving project on that street that the aldermen agreed to inspect the pavement before adopting the ordinance.

Outside of this feature the session of the council Monday night was uneventful. Edward Lonergan was chosen mayor pro tem in the absence of Mayor Crabtree. The roll call by City Clerk Scott showed Aldermen Sorrells, Harmon, Chapin, Ehnie Flynn and McGinnis present.

At the suggestion of Alderman Ehnie the Illinois Telephone Co. and the Jacksonville Railway & Light Co. will be notified that they must remove from the streets limbs of trees that were partially broken down by the recent storm, and which are cut down when the re-wiring work is done.

The alderman also called attention to violations of the city ordinance referring to the distribution of hand bills. The police department is to give attention to this matter, as violations of the ordinance often result in paper being scattered about the streets in both the business and residence districts.

Alderman Harmon reported affairs in garbage department rapidly getting on a satisfactory basis. He said that the conditions in that department could never be ideal, without thorough cooperation on the part of the public.

Sidewalk ordinances were presented and adopted as follows: North Diamond street, west side from railroad to Independence avenue; North Fayette street, west side, Independence avenue to Walnut street; West Independence avenue, North Fayette street to Diamond street, West Morgan street, south side from South West street to Alley A.

Entered Protests
The ordinance providing for an asphalt pavement on East State street from the railroad to Johnson street was read. Motion for the passage of an emergency clause made by Alderman Chapin with a second by Alderman Ehnie. The residents of the street present were given an opportunity to speak. F. V. Correa, George Moore and William Newman were the spokesmen. They said that they admit that at least a part of the street is in very bad shape and that a pavement is needed there, but that business conditions were not favorable and that they very much preferred to have the pavement deferred for just one year. They said that they would make no complaint if the improvement work could be postponed for that length of time.

The speakers said that they represented property owners with a frontage of over 3,000 feet and that only six property owners with a frontage of about 600 feet, were in favor of the improvement at this time. Alderman Flynn and McGinnis indicated their belief that the council should inspect the pavement before taking action.

With the consent of his second, Alderman Chapin withdrew his motion with reference to the emergency clause, and Alderman Flynn with a second by Alderman McGinnis, made a motion that the members of the council inspect the pavement next Friday and that action be deferred until next Monday.

Among the property owners present, and who by rising vote indicated their wish that the pavement work be deferred, were Mrs. Lucette Brown, Mr. and Mrs. George A. Moore, Frank L. Ledford, S. H. Larimore, the Misses Hoffman, Mrs. Eliza Caldwell, S. T. Maddox, Mr. and Mrs. William Newman, Capt. F. C. Taylor, Mr. and Mrs. F. V. Correa, Amos W. Kellogg, Mrs. George Reece, Miss Lullita Grant, and M. A. Carlile.

WINDSTORM CAUSED DAMAGE NEAR CONCORD

The windstorm which caused so much damage in this vicinity last Tuesday morning also was severe in the Concord neighborhood. One of the homes at which considerable damage was done was that of A. C. Valentine, where several large windows were broken and the window frames demolished. On the farm owned by Arthur Fairbank southeast of Concord a large building which stood about 200 feet from the house was blown against the dwelling with such force that part of the weatherboarding and a window sill were smashed. One side of the roof of the barn was also torn loose and blown a distance of a quarter of a mile. Silas Ragan is the tenant on the farm.

ESS TEAM WON FROM DOKAYS 5-3

Fast Game in Twilight League Monday—Three One Runs Feature Game.

With both teams playing good ball the Press defeated the Dokays in the Twilight League on Monday evening by a score of 5 to 3.

The visitors hit hard and slammed Hamm's offerings to all corners of the lot. They deserved to win the game, but the locals mixed some sloppy fielding with their hits in such manner that they only earned three of their ten runs.

In the first four innings Roberts Brothers made five hits, one a double, but did not get a man across the counting station. However, two were cut down at home.

In the meantime, as the novelists says, the Indies put three runs over on two hits. Two came in the first without a safety being made. One in the third by virtue of a wild single, a sacrifice and a wild pitch.

In the fifth Roberts Brothers got to Hamm for a cluster of two batters which, with a single and an error netted four runs, giving them the lead. The locals tied it in their half of the sixth.

However, Roberts again took the lead in the seventh by scoring one run. Then in the eighth four came across and they added one more in the ninth. The Indies kept pegging away and made one run in the eighth and two in the ninth but Lascody tightened and stopped them when he made DeFrates foul to Erickson for the third out.

Palmer who came down with the Springfield team umpired the game, Donahue being away on his vacation. Palmer did good work and there was but little kicking on his decisions.

CARDS HIT DOUGLAS HARD; DEFEAT GIANTS

Pfeffer Given Splendid Support by Teammates — Hornsby Goes Hitless.

NEW YORK, June 19.—St. Louis hit Douglas hard in the early innings today and made it two straight from New York 5 to 4. Pfeffer was helped by splendid support, especially by the infield. Hornsby failed to hit safely but scored his fiftieth run, the first National Leaguer to reach that mark.

BRITISH TEAM SCORES IN PRELIMS

ROEHAMPTON, June 19.—The British Isles team scored in a convincing manner in two singles matches in the Davis cup play against Italy today. F. Gordon Lowe defeated Count di Robeco, 6-3, 6-1 and Major Algerman R. F. Longcote won from Cesare Colombo, 7-5, 6-4, 6-1.

Randolph Lyett is suffering from a severe attack of rheumatism and did not compete on today's matches. England's prospects seemed black, but the situation was relieved by the fact that the Italians did not play Baron Morpurgo, their strongest racket player. No reason was assigned for his having scratched out of the matches.

Mr. and Mrs. Otto Beerup of Franklin visited the city yesterday.

MURRAYVILLE WON FROM SNI CARTE

Defeated Opponents By Score of 6 to 5—Winners Come From Behind and Overcome Five Run Lead.

In an exciting game the Murrayville Merchants defeated the fast Sny Carte team by coming from behind and overcoming a five run lead that the visitors got in the first four innings but in the sixth the home players came to life and by good hitting and base running and by an error of the visiting team's catcher put three runs over and in the seventh with W. E. Wright, Jubie and J. Wright's timely hitting scored two runs. In the ninth Davis got a nice hit and stole second and V. E. Wright down a bunt and placed Davis on third and then our old favorite, Ruber drove a clear single to left center for the final and deciding run. Fryman pitched a masterly game after the fourth inning using a fast ball effectively. This being his first game for Murrayville he was little unsteady at first but held Sny Carte hitless on last five innings of play.

Jones also played a good game at short. Sny Carte has a well balanced and clean ball team, and if it was not for their fifty mile auto ride would have been a little harder to defeat. Murrayville plays Eldrex next Sunday 2:30 sharp at Murrayville.

JOCK HUTCHINSON LEADS THE FIELD

SANDWICH, England, June 19.—Jock Hutchinson of Chicago, British open golf champion today led the field in the qualifying round of the tournament in which he is defending his title. Playing over the prince's course Hutchinson turned in a card of 71 strokes for 18 holes 3 out and 38 home.

Walter Hagan and Joe Kirkwood went around in 75, while Jim Barnes required 182 and Edward Van Vleck of Garden City made a 90.

Aubrey Boomer of the St. Cloud club, Paris, played a brilliant round in 72, while Roger Wethered, one of the English amateur stars scored a 73. C. Mayor, on the Royal St. George's course turned in a card of 78, while Abe Mitchell on the prince's links made a 77.

Hutchinson's score of today ranks as the professional record for the course. His card was as follows: Out: 5 3 3 4 3 4 3 4—33. In 4 5 5 4 4 3 5 4—38. Total 71.

Hutchinson missed a yard putt on the sixteenth green. His driving today was good. Frequently was putting for a three on long holes.

DEMPESEY LEAVES FOR THE EAST

OKLAND, Calif., June 19.—Jack Dempsey, world's heavy weight champion expects to leave tomorrow for the east.

According to present indications Dempsey's next three fights, he said will be against Bill Brennan, Jess Willard and Georges Carpentier. The Carpentier bout will be held in Europe before the end of 1923.

FORMER RESIDENT VISITS RELATIVES

Walter B. Wilson of Los Angeles, Calif., spent Saturday and Sunday visiting his daughter, Mrs. Claude Goss, of North Main street. Mr. Wilson is a former resident of Jacksonville, and is now secretary-treasurer of the Educational Institute at Los Angeles. He has been attending the convention of the Associated Advertising Clubs of the World and left here Sunday night for Hot Springs, where he will attend the annual convention of the Lions Clubs.

BROWNS STRENGTHEN HOLD ON LEADERSHIP

Take Close Game From Athletics By Score of 3 to 2—Now Two And One Half Games Ahead of Yankees.

ST. LOUIS, Mo., June 19.—St. Louis strengthened its hold on first place by one game today by defeating Philadelphia 3 to 2. This puts the Browns two and one half games ahead of New York. The winning run was scored in the seventh when McManus' single brought in Tobin from second. Tobin was safe on first on Galloway's low throw and was sacrificed to second by Gerber.

SIMPLE WAY TO GET RID OF BLACKHEADS

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them. To do this get two ounces of calomite powder from any drug store—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the parts without any mark whatever. Blackheads are simply a mixture of dust and dirt and secretions from the body that form in the pores of the skin. Pinching and squeezing only cause irritation, make large pores and do not get them out after they become hard. The calomite powder and the water simply dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition. Anyone troubled with these unsightly blemishes should certainly try this simple method.

DINNER PARTY GIVEN
AT HOME IN CHAPIN

Mrs. Ada Funk Entertains in Honor of Nephews—Child Operated on at Local Hospital—Other Chapin News.

Mrs. Ada Funk entertained at dinner recently in honor of her nephews, Walter Williams of Peoria and James Holliday of Quincy. Other guests were Austin Moody and sisters, Misses Ruth and Esther Moody, Mrs. Frank Brockhouse and Mrs. Elmer Adams and two daughters, Hazel and Wanda Ruth.

Mrs. Arthur Burrus came over from Jacksonville Friday evening for a visit with her parents, Mr. and Mrs. H. E. Tucker. Harry Waters, Melvin Johnson and Hy Mattes, Jr., took advantage of the excursion to Chicago Saturday night, returning Monday evening.

Dr. and Mrs. Fred Cowdin and daughter Lucy Frances of Springfield spent Sunday with Mr. and Mrs. Charles Cowdin. Mr. and Mrs. Gene Simms of Galoisburg are guests of Mr. and Mrs. H. C. Bridgeman and other relatives.

Mrs. B. R. Jefford and children of Alsey are guests of Mrs. Jefford's sister Mrs. Wm. Goodell.

Mrs. George DeSollars of Springfield is the guest of her parents Mr. and Mrs. James Nash.

Werner Onken came up from St. Louis Saturday night to spend Sunday with his parents.

Mrs. Minnie Coultas and son Thomas of Markham were Sunday visitors of Mr. and Mrs. J. L. Alverson.

Mrs. Ernest Rheams of Beardstown is visiting friends here.

Wm. Werrus and family of Exeter were Sunday visitors in Chapin.

Mr. and Mrs. B. H. Allen of Versailles spent Sunday at the home of Mr. and Mrs. Gustav Onken.

Dr. F. A. Norris of Jacksonville was called here Saturday night to consult with Dr. J. H. Fountain in the case of little Orma Delps who has been very ill for the past seven weeks. It was decided to take her to the hospital and Sunday morning R. E. Clark took Mr. and Mrs. Delps and Orma to Jacksonville to a hospital. An operation was performed and reported very successful.

Mr. and Mrs. Robert Gayson and son Bobby of Winchester were Sunday guests of Mr. and Mrs. Andrew Allen.

Rev. O. W. Lough held an extra service at Liberty Sunday afternoon endeavoring to make up the time lost while in quarantine last winter. Sunday morning after the service at the Chapin charge Rev. Lough was granted the month of August for vacation. While his plans were not yet complete it is probable the time will be spent in Southern Illinois and Indiana.

Walter Williams who has been enjoying a vacation with home folks and friends left Sunday night for Peoria.

Rev. and Mrs. O. W. Lough and children Gerald and Byron, left Monday morning in their car for Quincy. They will spend the week visiting friends at the Lima and Ursa circuit where he was at one time the pastor.

Ice cream social on Brooklyn church lawn afternoon and evening, Tuesday, June 20th.

HOME FROM ALTON
A. A. Curry has returned from the commencement exercises at Shurtleff College. He reports a successful event and the college in good condition generally. For the 17th year he was chosen president of the board of trustees, a place he has filled with such signal ability. The contract was let for a girls' dormitory to be erected at once.

American Legion Post at Woodson will serve Ice Cream, Cake, Hamburgers, on school lawn, Thursday evening, June 22. Music by band.

YOUNG PEOPLE TO PETERSBURG
The Presbyterian church church is arranging a series of Christian conferences for young people throughout the middle west. Great advantages in many ways accrue from these gatherings. One is to be held at Petersburg June 21-7 and from Westminster church Robert Bentley, Margaret Miller and Dorothy Ellis expect to go, starting Wednesday.

American Legion Post at Woodson will serve Ice Cream, Cake, Hamburgers, on school lawn, Thursday evening, June 22. Music by band.

BACK FROM CHICAGO.
Mr. and Mrs. Frank Elliott have returned from a pleasant stay of three weeks in and about Chicago. Their son William lives at Winoka, a suburb twenty miles out, and Frank lives near the golf course at Evanston. While enroute they put in a day at Champaign looking over the state university building and plant.

FARM BUREAU
NOTES

Wheat Harvest Begins.
Edwin Buscher of Meredosia was cutting wheat Friday. So far this is the first field of wheat the writer has seen cut.

Community Meetings.
The Farm Bureau will hold at least two community meetings this coming week. Emory L. Thady has arranged for one Wednesday evening at John Thady's farm northwest of Murrayville. If the weather is unfit for an outdoor meeting the Oak Hill school house will be used. Bert Way has arranged a similar meeting at the Concord Christian church for 8 P. M., Thursday evening. The male quartet of that church will furnish special music. The women and children are especially invited to these meetings. Motion pictures will be used.

Fine Fields of Wheat and Oats.
Frank Weber of Meredosia has a fine prospect for both wheat and oats. He has both Turkey Red and Fultz wheat. On his land the Fultz wheat stands up better and yields better than Turkey Red. He has also a fine field of early June oats. At present they are knee high and headed out nicely. They are perhaps as fine a field as can be found in Morgan county. The Burrus Bros. also have fine prospects for wheat and oats. A field of velvet Chaff wheat has many heads with three grains to the mesh. This latter characteristic foretells a good yield. The Burrus Bros. have a very promising field of early Champion oats.

Funk's Field of Turkey 10-110.
R. W. Scanlan who recently inspected Yuba Funk's field of Turkey 10-110 wheat under the auspices of the Illinois Crop Improvement Association stated that this field was the best he had inspected in the last two days. He thinks these fields will yield high grade seed. After threshing there will be another inspection of a peck of the seed in the laboratory of the College of Agriculture. If the wheat passes this inspection it may be sold as certified seed. This is the first seed to be certified in this county.

Interested in Cresote.
W. E. Gordon of Merritt and Alfred Brockhouse of Concord have ordered a supply of crude cresote as chinch bug insurance.

Nicotine Sulphate.
Ed Scott of Franklin expects to spray the corn where the bugs are already at work with nicotine sulfate. This is the best material for the purpose.

Eat PRINCESS Pie.
NOTICE.
The Farm Bureau has asked the La Crosse Lumber Co. and Andrews Lumber Company to handle Cresote for the purpose of fighting chinch bugs. These companies will order a car provided the farmers will place an honest to goodness order with them and take the material without fail when it comes. Telephone your order to them without delay.

AT NICHOLS PARK.

The committee appointed to investigate the matter of picnic privileges at Nichols Park went out to the resort yesterday and looked over the ground and decided that all the top of the hill north of the old gun club site as far as the golf green, may be used for picnic purposes. Also all the territory east of the driveway immediately south of the bridge and south of the pasture fence. People may drive to these places, park their cars, eat their lunches and the trial will be made.

Now that this concession has been granted, it is earnestly hoped that it will not be abused. If you go there to picnic please be sure to leave no litter and make all things about as pleasant as possible. The park board desires to have the place open to all and treat all the very best way possible. This trial will be made, and if the privilege is not abused it will not be withdrawn.

Work on laying the water pipe from the city mains is progressing as rapidly as possible.

GOOD CATTLE DRIVERS
A. O. Harris' two sons, aged respectively seven and nine, drove from the home eight miles east of Jacksonville 26 head of cattle intended for the Jacksonville Packing Company. Mr. Harris overtook them just as they were entering the city at the Mauvais-terre bridge and offered to help finish the trip. The boys told him he might if he insisted that they felt wholly able to get the critters to their destination without help.

NEIGHBORS TELL
HER HOW WELL
SHE IS LOOKING

Friends All Comment on Mrs. Phillips' Complete Recovery on Taking Tanlac—She Gains Ten Pounds and Fine Complexion Returns.

"My neighbors, who used to sympathize with me on account of my ill health, are now telling me how well I look," said Mrs. Mary Phillips, highly esteemed resident of 2038 Fourth St., Madison, Ill.

"I suffered so long with my stomach, kidneys and liver that I was despondent. I had awful headaches, would get so dizzy I could hardly stand up, and spots came before my eyes. I had severe pains across the small of my back and between my shoulders and my kidneys and nerves worried me so at night that I couldn't sleep. I couldn't do my housework and at times was unable to be up at all. I was all wrinkled up and my color was bad.

"But since taking Tanlac those lines of suffering are gone and my complexion is good. I can eat and digest most anything, sleep fine and do my housework again. I have gained ten pounds and my gratitude to Tanlac is unbounded." Tanlac is sold by all good druggists.—Adv.

John Hicks and family of near Antioch, traveled to the city yesterday.

Be the Queen of Your Kitchen
---Not Its Slave

You have seen some women who looked like queens in their kitchens—happy all the time.

You have seen others with the look of a slave—driven by their work—unhappy, tired, bored.

Which will you be?—queen or slave. You have the choice.

If you want to
